MEMORANDUM FOR:

[REDACTED]

SUBJECT : ICRS Orientation Trip

1. ICRS is planning a visit to SAC Headquarters and the West Coast during the week of 11 November 1974. I view this as an excellent opportunity for member orientation, particularly since the Committee has had a major turnover of personnel in the past year and has expressed the desire to improve understanding of system operations.

2. The travel plans as coordinated by the NRO consists of a one day stay at SAC Headquarters for orientation at the SAC Recon Center and GWC, one day at SAMSO, and two days at [REDACTED] Sunnyvale. Entire trip including travel will run from 11 to 16 November.

3. Preliminary indications are that the party will consist of approximately 14 people, including [REDACTED] and myself. [REDACTED] from SSG also plans to attend.
